TRAIL FUNDING FROM THE COMMONWEALTH OF VIRGINIA

A state budget amendment has been approved by the General Assembly for the benefit of the Mendota Trail in the amount of \$50,000. The request was sponsored by Del. Todd Pillion, a true supporter of the trail. The funds have been earmarked for the further restoration of Trestle # 3, the “high” trestle leading into Benhams from Bristol. Restoration of this trestle will allow the opening of an additional 2 miles of trail from the current end point on Reedy Creek Rd. (633). Trail users will have the opportunity to access the trail in Benhams off of Rich Valley Rd. (700).

This is a reimbursement award. We will be paid back for our expenditures after the work and a final audit are completed.

Thank you Delegate Pillion for your support!

BRISTOL TRAIL HEAD AND RTP GRANT UPDATE

Work continues behind the scenes related to the preliminary engineering requirements of our federal grant for the Bristol Trail Head and the first 0.5 mile section of the trail. The bulk of the effort has been dedicated to completing environmental impact studies, obtaining a required appraisal and resolving issues related to a sewer connection. We have also had engineering consultations on how to proceed with developing the initial trail segment. Our next step will be the architectural design of the shelter/bathroom facility and picnic area.

Work Days

Regular work is required to improve and maintain our beautiful trail. We will have scheduled work days on the **first** and **third Saturdays** in **November** to address tasks that need to be completed. Assignments on a given day will vary between lighter and heavier work. We will meet at Mountain Sports Ltd. (1021 Commonwealth Ave., Bristol, VA) at 8:30 AM on those days to organize the teams. We expect to be done by noon. Other "special" work days will be announced periodically by emails to those who have previously participated or indicated an interest in doing so.

LEAD BRISTOL!

The Mendota Trail was selected as an awardee of a leadership project coordinated by the Bristol Chamber of Commerce. The project team will complete an updated PowerPoint Presentation that will help the trail better tell its story to local civic and governmental groups as well as members of the larger surrounding area. The team will meet regularly to learn more about the history of the trail, its current status and plans we have for moving closer to our dream of opening the entire trail. The project will be completed next spring. We are honored to have been selected as a recipient of the time and energies contributed by talented members of the Bristol community in this effort. Thank you Chamber of Commerce!

We recently reached a major milestone with the opening of the Bristol end of the trail. Your financial contributions have truly made a difference!

Our next goal is to extend each end of the trail toward the middle. Funding is urgently needed to cover current expenses related to further trail development and pay for grant expenditures that will later be eligible for reimbursement.

Please help maintain our current momentum!

MENDOTA DAY 8/2/19

Mendota was celebrated by the Virginia Highlands Festival on Friday, 8/2/19. Randy Smith, Eva Beaulé, and Ellen Mueller gave talks on the history and outdoor attractions (Adventure Mendota and the Mendota Trail) in the area. Some then toured a local historic farm which was followed by a delicious lunch at The Store @ Mendota. Jeremy Stout, naturalist at Steele Creek Nature Center in Bristol, led an informative guided walk on the Mendota Trail following lunch. Others enjoyed some solitude on the river with Adventure Mendota or spent time viewing some local organic farming efforts. Many positive comments were shared by the participants.
